MNEMBA ISLAND

Mnemba Island is the most famous activity among tourists visiting Zanzibar. It is one of our most recommended activities. Mnemba Island is about 30 minutes by boat (speedboat) from Nungwi and one hour by traditional Dhow boat. Before arriving at the island the captain will take you for a boat ride to try to see the dolphins and swim with them, it is a unique experience not to be missed. Dolphins are wild animals, in the open sea where they can go anywhere, but the chances of spotting them are 95%. Afterwards you will snorkel and, depending on the tide, you can enjoy a relaxing moment on the sandbank next to the island, while the captain and the chef prepare lunch consisting of seafood platter, vegetables, fruits, appetizers, dessert, soft drinks and water. Finally, you will enjoy a sunset on board to end this wonderful day. Some of the species you will see in the Mnemba reef are: angelfish, blue rays, black snappers, groupers, red tooth fish, flounder, octopus, leaf fish, scorpion fish, stone fish, frog fish... among others.

BLUE SAFARI IN PUNGUME

This excursion is an alternative to the classic blue safari which, unfortunately, is no longer authentic due to the high number of tourist boats in the area that have degraded the seabed.

It was with great excitement that we discovered the excursion in Pungume and decided to customize it in our own way.

The snorkeling is amazing there and the beauty of the landscapes make it a little paradise for nature lovers looking for authenticity. It is our favorite so far... That's why we have decided to moor a traditional wooden dhow in Kizimkazi to offer this activity in a different way, as it was previously only offered by speedboat.

THE PROGRAM

What will your day be like? Departure from the fishing port of Kizimkazi at 09:30 am. Boarding on our traditional dhow with all the comforts (cushions, comfortable mattresses). On the way, you may have the opportunity to meet dolphins, we insist that seeing dolphins is an opportunity and a matter of luck, we neither chase them nor corner them.

Our first stop will be at the sandbank, swimming in the crystal clear waters.

At lunchtime, you will return to the boat to enjoy your meal comfortably seated.

Our chef and captain will serve you a local salad, seafood barbecue, rice, Swahili curry, samosas and fresh fruit.

After lunch, it will be time for a memorable snorkeling excursion, the corals are untouched, the fish multicolored and magnificent. Then it will be time to return the other way with a stop in wild coves.

The way back is populated by mangroves, if the tide permits we will stop there.

Finally, time to take out the sail enjoying snacks and cold drinks.

Return to port around 04:00 pm.
